

POSTSECONDARY ACCELERATION

College Articulation Agreements

Model Policies

COLLEGE ARTICULATION AGREEMENTS

This document contains a model policy for the development of a statewide common course numbering system and articulation agreements for college acceleration options that learners can earn in K-12 (such as dual enrollment or advanced placement). College articulation agreements ensure that college credits earned at one institution (or during K-12) transfer and count toward a degree at another institution.

GUARANTEED TRANSFER PATHWAYS

This document contains a model policy for the development of Guaranteed transfer pathways (GTP). GTP provide a clear path to degree completion for students pursuing associate degrees who plan to transfer to four-year institutions to complete their bachelor's degree. GTPs help ensure that when students transfer from two to four-year institutions there are no stranded or unusable credit.
